

7th January 2011

**Notice of China Terminal Handling Charge (THC) Revision**

We have completed a review of local charges and operations within the China market and announce the following changes to take effect for all containerized shipments arriving or departing China on or after 7<sup>th</sup> February. This will be applicable to Pacific Islander II V.50S and South Islander V.19N.

<b><u>Mode</u></b>	<b><u>New China THC</u></b>
20' Dry Container	RMB 600
40' Dry Container	RMB 900
20' Specialized Equipment	RMB 700
40' Specialized Equipment	RMB 1000

Specialized Equipment is defined as any cargo shipped in FCL mode not using a dry container. Examples of Specialized Equipment being: Open Tops; Flat Racks; Reefers and Tank Containers.

We would like to take this opportunity to thank you for your support.

For further information please contact our local agents.
