Tarawa Port Service Charge Increase

Since 1st July 2010, there has been a steady increase in charges levied on vessels calling at Tarawa in relation to labour at the Port. These increases have now reached a level where NGPL can no longer absorb the associated costs.

Accordingly, we have been forced to increase our Destination Port Service Charge, which will now be charged at the below rates:

- AUD \$150 per 20' Dry
- AUD \$150 per 20' Reefer
- AUD \$6.00 per RT

Effective: Pacific Islander II V.50S – ETA Kaohsiung 15th February 2011.

For further information please contact our local agents.
